REASONS FOR ALLOWANCE

1. The Amendment filed April 19, 2004 has overcome the rejection set forth in the Office action sent January 13, 2004.

2. The following is an examiner's statement of reasons for allowance:

While the cited reference of Heredia (6,241,612) teaches a voice communication during a multi-player game wherein a game player can talk to other game player in a network or the player may use voice command to control the game; and the cited reference of Bolas et al. (5,513,129) teaches a system and method for controlling computer generated virtual environment in response to a music signal; Heredia and/or Bolas et al., alone or in combination, does not anticipate or make obvious the applicant's claimed limitations of a game system (as per claim 1 or 13 or 18) wherein input voices of game player are reproduced and then outputted in corresponding to detected motions of the game player as the player moved by following the game instructions, in combination with other presented limitations.

Claims 1-18, therefore, are allowable.

3. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because in Figure 15, the word "PARFECT" is misspelled. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The

corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
